Dear Keith,

Thank you so much for your inspiring workshop at the Gardens. I was more than impressed with not only your fresh approach and clear concepts for design but even more so by your ability to engage so many people in a true workshop setting. Few "speakers" are able to accomplish hands-on activities to large groups.

I am hoping you will be able to come again to speak on another topic. In the meantime, please let me know if you have any plans to come out here if I haven't gotten back to you first.

Have a great holiday and I'll look forward to our next event.
